

**Knitting Technique Used: Knit Stitch, Purl Stitch, Garter Stitch**

**FRONT SIDE:** 1. Cast on 216 stitches and establish the model with 8 knit stitches and 8 purl stitches. 2. When the knit measures 30 cm, knit 4 out of 8 knit stitches and transfer other 4 stitches in a way that will be placed on 4 purl stitches. Knit 1 knit stitch and 1 purl stitch together. 3. Transfer the next 4 stitches on 4 purl stitches on the side. Again knit 1 purl stitch and 1 knit stitch together. Repeat it along the row so that inverted pleats and decreases on the waist are worked. 4. Work 8 stitches that are placed in the beginning and end of 112 stitches in garter stitch for the front bands. Open 4 buttonholes on the right band. 5. When the knit measures 36 cm, knit front side, back side and other front side separately for the armhole. Knit 32 stitches and decrease 4 stitches. In the next row, knit 30 stitches and decrease 2 stitches. 6. When the knit measures 52 cm, decrease 8+3+2 stitches in the front middle part for the neckline. When the knit measures 55 cm, bind off shoulder. 7. Knit the other front piece in the same way. 8.
